## Stars of Hollywood

Think of big names in Hollywood.

Timeless legends like Lucille Ball. Frank Sinatra. John Wayne. Action heroes like Robert DeNiro. Jean Claude van Damme. Bruce Willis. Beautiful leading ladies like Sharon Stone. Nicole Kidman. Box office favorites like Kevin Costner. John Travolta. Mel Gibson. Matthew McConaughey. The list goes on . . .

Now think of a co-star they all have in common.

327 supporting roles and a list of credits any Hollywood star would envy. The glitz, the glamour, the seedier side of life – the Zippo windproof lighter has seen it all, in the hands of some of the most famous stars of the big screen.

Zippo modestly acknowledges its celebrity status with Stars of Hollywood, a cast of Hollywood-themed lighters led by the 2001 Collectible of the Year. Hollywood's Leading Light, tenth in a series of Limited Edition Collectibles of the Year, debuts Gold Dust, Zippo's newest finish, exclusive to this year's collectible. Hollywood Legends and Hollywood Icons co-star as headliners, followed by an outstanding line of lighters in supporting roles.

Some of the most famous performances are previewed on the pages ahead. As we go forward through the year, watch closely . . . listen for the click . . . and make note of your own "Zippo sightings."

Send us your sightings at [zippo.com](http://zippo.com)

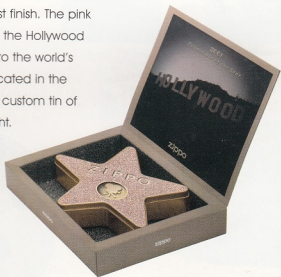

# 2001 *Collectible of the Year*

Premiering March 1, 2001

No. C01  
Hollywood's Leading Light  
Gold Dust  
**\$44.95**

One of the most coveted and recognized symbols in Hollywood embellishes Zippo's newest Gold Dust finish. The pink terrazzo star that graces the Hollywood Walk of Fame in tribute to the world's finest performers is replicated in the cloisonné emblem and custom tin of Hollywood's Leading Light.

Custom designed box becomes a self-display.

# "The Exorcist" 1973

Very graphic for its time, this horror film caused widespread hysteria when released. Accepted at that time, but horrific today, is the sight of a doctor using his Zippo lighter to light up in a hospital room.

## PLAYBOY

[Worldwide, with restrictions]

No. 250PB 101  
Playboy in Frame  
High Polish Chrome

## "Broken Arrow" 1996

A sleek but formulaic thriller in which all kinds of things get blown up, including a train, four helicopters and a mountain. Durable Zippo lighters come through unscathed. Along with product to be used in the movie, Zippo sent leading man John Travolta a lighter engraved with his signature.

## "Independence Day" 1996

A big budget retread of the 1950's flying saucer genre complete with aliens, panic in the streets, and a classic scene where the hero uses his Zippo lighter to light a cigar while stranded on an enemy spaceship.

### "Get Shorty" 1995

John Travolta is the standout in this adaption of Elmore Leonard's novel about a smalltime Miami enforcer who decides to get into the movie business in L.A. The star studded cast - Gene Hackman as a failing cut-rate-movie producer, Rene Russo as a failed actress, Danny DeVito as a vain thespian, Delroy Lindo as a mobster who wants a cut of Travolta's film action - is led by Hollywood's favorite lighter.

### "Indiana Jones and the Last Crusade" 1989

It's a quest to find the Holy Grail complete with spectacular chases, great stunts and a cliffhanger of a scene where a mishandled Zippo lighter really lights things up. Zippo produced a one-of-a-kind lighter for this movie prop - a green four leaf clover on an ivory ultralite.

### "Ghosts of Mississippi" 1997

Straightforward drama about Mississippi assistant D.A. Bobby DeLaughter (Alec Baldwin), who reopens the case against the murder of civil rights leader Medgar Evers thirty years after the fact. Features Whoopi Goldberg as Evers' widow, and James Woods (in heavy makeup) as the aged murderer, Byron De La Beckwith.

### "Shawshank Redemption" 1994

Andy Dufresne (Tim Robbins) is a young and successful banker whose life changes drastically when he is convicted and sentenced to life imprisonment for the murder of his wife and her lover. Based on a Stephen King novel set in the 1940's, the film shows how Andy, with the help of his friend Red (Morgan Freeman), the prison

entrepreneur, turns out to be a most unconventional prisoner. The click of a Zippo lighter cues the death shot for a prisoner who could hold the key to Dufresne's freedom.

BILL JORDAN'S

# REALTREE HARDWOODS®

Realtree Hardwoods® blends natural colors, lifelike shadows, and photo-realistic limbs and leaves into an incredibly three-dimensional camouflage. The miniature pattern reveals wide contrast from light to dark, yet is so neutral that it disappears into virtually any outdoor setting.

Because Realtree Hardwoods® is a dipped coating applied through an immersion process, every lighter displays different views of the all-over larger pattern.

### "The Postman" 1997

The year is 2013. A war has destroyed the United States, leaving the country in anarchy, its people defeated and all communications in ruins. Gordon Kravitz (Kevin Costner) stumbles upon an abandoned US Postal vehicle in which he seeks shelter. Inside the wrecked vehicle, he discovers a Zippo lighter that he uses to provide warmth and to shed light on the many postcards and letters he's found. Judging by the condition of the letter carrier also found

there, some time has obviously passed since he ditched his vehicle. Yet the Zippo lighter somehow retained enough fuel to burn several years later. Even the most staunch Zippo fans must be skeptical.

# DISPLAYS

& ACCESSORIES

## DISPLAYS

[Display panels hold black plastic gift boxes, cardboard boxes, and individual tins.]

### 142460 (MD30)

#### Manual Display Unit

Hand-operated turntable displays 30 Zippo products. Three sides lock 10 boxes securely in place for reliable operation. Powerful sales message is displayed on the fourth side. Dimensions: 13-3/4" x 13-3/4" x 27"

### 142523 (ZMBO60) ▶

**Battery-operated** display with on/off switch. Also manual turn. Reflective mirrored prism utilizes natural light to illuminate Zippo header. Includes one 142428 retro-fit panel for dual tins or gift sets. Uses four standard "D" batteries (included). Dimensions: 14-3/4" x 14-1/2" x 25-1/4"

### 142462 (ZM60)

#### Light and Motion Display

Displays 60 Zippo products in gift boxes, cardboard boxes, or individual tins. Includes one 142428 retro-fit panel for dual tins or gift sets. Dimensions: 15-7/8" x 15-7/8" x 27"

### 142470 (Display) & 142477 (Base) ▶ (FSB96)

Light and Motion Floor Stand with storage base. Display 96 Zippo products on top, and store extra stock on two shelves in the lockable base. Includes one 142429 retro-fit panel for dual tins or gift sets. Base unit ships flat, and provides ample storage for additional stock. Dimensions: 15-7/8" x 18-7/8" x 67"

### 142470 (FSB96)

Light and Motion Floor Stand. Designed for countertop use, this unit has all the features of FSB96, except the storage base. Dimensions: 15-7/8" x 15-7/8" x 37"

◀ Retro-fit panel updates existing ZM60 or FSB96 units to display dual tins and gift sets. Order 142428 for ZM60, 142429 for FSB96.

## SURFACE IMPRINT

Surface imprinting is a silk-screening process using a separate screen for each color. Durable epoxy paint is applied to the finish, building a rich and vibrant image. The product is oven-cured, bonding the epoxy imprint to the surface, where it becomes an integral part of the finish.

## COMPUTER ENGRAVING

The crisp, clean look of computer engraving has become one of the most popular customization methods Zippo offers. Skilled operators use either the rotary engrave or diamond cut method to inscribe an image into the product. Each engraving machine is custom programmed through a keyboard or from digitized artwork.

## STYLUS SERIES IMPRINTS

Zippo stylus series pens may be customized with a band imprint, an attached emblem, or a combination of both. The multi-color process developed exclusively by Zippo ensures sharp, high quality image replication in a very small area.

Imprint bands are made from a three-part laminate process which creates crisp, vivid images. To protect the image, the band is covered with a clear Teflon ring and then heat sealed.

Emblem imprints are produced by the same laminate method. The design is protected by a crystalline dome, which enhances the image with a three-dimensional look.

## how to order

Preproduction samples are available upon request. Zippo will produce either an actual product imprinted with your design or, for faster service, a computer-generated paper sample (see facing page).

There are no artwork, set-up or sample charges. Zippo offers a "no charge" sample because we know, from experience, that the vast majority of samples produced turn into firm orders.

Our pricing is based on the product model selected, the number of colors used in the imprint/engraving and the number of product surfaces covered.

It's easy to order Zippo custom-imprinted products:

**1. Select the graphic design** you want to use and send the physical "artwork" to us. Sorry, we are not able to reproduce artwork that has been faxed.

**2. Indicate the product** name and number and, for lighters, the surface location of the imprint:

- front top and/or bottom
- back top and/or bottom
- a combination of above

**3. Indicate the quantity** you are ordering. Most products require a minimum order of 50 pieces.

**4. Select imprinting style,** shown on these pages. Not every process is suitable for every product.

## LASER ENGRAVING

Laser engraving is one of the newest customization methods offered by Zippo. The state-of-the-art process allows tremendous flexibility in reproducing your artwork on our products. Our laser engravers are computer programmed to generate crisp, accurate replication of your imprint. Laser engraving is now available on most Zippo products. Show us your artwork and we will tell you if laser engraving will work for you.

## ETCH AND PAINT

Zippo's etch and paint method produces an attractive, durable imprint. A reversed image is silk-screened on the Zippo product with an acid-resistant paint. Leaving exposed only the areas to be etched, the product is dipped in an acid bath, which etches all unprotected areas. Paint colors are screened one at a time into the etched cavities, resulting in a colorful graphic that is permanently defined in the surface.

## Zippo custom imprinting

Zippo is proud of our reputation for high quality imprinting. For souvenir lighters, custom designs, or special orders, we create just the right image for you. Zippo offers several different imprinting methods, described on these two pages.

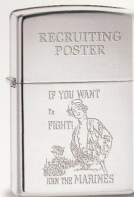

The minimum quantity for most custom-imprinted products is only 50 pieces per product model per design.

Zippo's custom imprinting process starts with your artwork. Our art department will reproduce a souvenir postcard, sketch, photograph, or any other image you would like on your choice of Zippo product.

If you are requesting a logo to be imprinted, please keep in mind that it is your responsibility to secure the right to use the logo.

## LUSTER ETCH

The procedure for luster etch is the same as etch and paint through the acid bath. No colors are used for luster etch; instead, the product is etched and then plated. Skillful hand or machine buffing defines the high and low areas of the design to create a subtle dimensional effect.

Products shown at actual size

## COMPUTER GRAPHIC PROOFS

Our computer-generated paper proof is a no-cost option, available on request. The proof shows your full-color imprint on a variety of Zippo products. Ideal for product presentation or for art approval.
